“This is a wonderful and well-deserved honor for this top agent,” said Prevete. “It’s encouraging to see that her dedication, strong work ethic and willingness to go above and beyond has been recognized and acknowledged by not only her clients, but also by other industry professionals from New Jersey.”

Five Star Professionals surveyed New Jersey residents who purchased a home over \$150,000 within a 12-month period, and 1,000 New Jersey Monthly subscribers.

An additional 250 surveys were sent to mortgage and title companies to help judge the agents' technical skills and knowledge.

Recipients of the survey were asked to evaluate agents based upon nine factors, and only real estate agents with whom they knew through personal experience. The

factors included customer service, communication, ability to find the right home, integrity, negotiation skills, the marketing of the home, knowledge of the market, closing preparation and their overall satisfaction with the agent. Based off the survey's findings, the final list of 2015 New Jersey Five Star Real Estate Agents is a select group, representing less than 2% of real estate agents in the area.

"I am truly humbled and honored to receive this recognition for the fourth consecutive year and I would like to thank all of my clients and peers for allowing me to win this prestigious award through their kind words," said Hester-D'Orio. "I would also like to recognize the support of my manager at the Weichert, Realtors Kinnelon office, Caroline Onufrow, my processing manager, Veronica Bruno for her continued support, and all of my colleagues for helping me achieve my level of success over the last eleven years. This award is a great recognition and I look forward to another exciting year in real estate."
